University of Sussex

The Sarva Shiksha Abhiyan– SSA (the programme for Universalisation of Elementary Education) framework lays special emphasis on

‘ community ownership of school based interventions through effective decentralisation’ and ‘participatory management of elementary education with community support’

While also encouraging

Involvement of private sector in improving functioning of government, local body or a private aided school

School Adoption Models in REI

Model A

Infrastructure Support,
Material Provision

Capital Cost

Model B

Management: deployment
of teachers, and
maintenance of school
infrastructure

Recurring Cost

How is the framework of SSA articulated by REI in the school adoption models?

- ▶ Is the school adoption an issue of costs and finances?
- ▶ What is the relationship of the organisation adopting the school with the school and community?
